

Light-Sheet Fluorescence Microscopy Remote Training

Theoretical courses on
Light-sheet microscopy basics, Clearing methods,
Data visualisation and analysis

Practical demonstrations on
Ultramicroscope II, MuViSPIM, diSPIM,
SoSPIM and Lattice light-sheet microscope

by France BioImaging experts

February 15th - March 5th

Theoretical and practical videos available
on France BioImaging Youtube channel

March 5th, 1pm-6pm CET

Live online Q&A session
