

RATES ON THE BORDEAUX IMAGING CENTER

PHOTONIC MICROSCOPY UNIT

Services	Techniques	Quantity	€ HT Academic	€ HT Private sector or non-nationals
Sample preparation	Clearing (i-DISCO or CUBIC)	Per sample	25	50
	Expansion Microscopy	Per sample	10	20
Training	Clearing (i-DISCO or CUBIC) or Expansion Microscopy	4h	120	240
	Microscopy	3h	120	240
	Upgrade	1.5h	60	120
	Analysis software*	1h	40	80
Use of systems	Widefield microscopy and Macroscopy	1h	12	24
	Confocal microscopy and TIRF	1h	24	48
	Widefield or confocal microscopy + FRAP or LIFA	1h	24	48
	Multiphoton or lattice light-sheet microscopy	1h	48	96
	STED microscopy	1h	60	120
	Image analysis (commercial softwares)	1h	6	12
	Imaris satellite license	1 day	18	36
	Slice preparation	1h	6	12
Engineer service	Image acquisition	1h	240	480
	Image analysis (contact us for a quote)	1h	30	60

*Charged analysis software trainings for Imaris, PALM Tracer, Tessler and PoCA.

Degressive rates proposed on the facility are (applied for each 4-month period):

50% discount on widefield and confocal microscopy from 100 hours of acquisition.

50% discount on 2-photon and LLS microscopy from 40 hours of acquisition.

30% discount on overnight (from 8pm to 8am) and over the weekends acquisitions (from Friday 8pm to Monday 8am)

The specific rates of the slide scanner **Nanozoomer** are the followings:

Acquisition mode	Type	€ HT Academic	€ HT Private sector or non-nationals
Training	1.5 hours	60	120
Single	Per hour	18	36
Batch	From 0 to 10 slides	60	120
	From 11 to 20 slides	108	216
	From 21 to 30 slides	156	312
	From 31 to 50 slides	192	384
	From 51 to 100 slides	240	480
	From 101 to 210 slides	360	720
